

In conjunction with HCAA, Saniflo is hosting a hands-on CPD presentation

# CPD Event

**Friday February 3rd 2023**

Breakfast rolls to be served from 8.30am prior to session.

## EVENT DETAILS

**HELD AT** Saniflo Head Office,  
Unit 8, 25 Gibbes Street, Chatswood

**TIME** 8.30am for 9.00am start

**INFO** Attend a formal CPD presentation in an informal setting. This "Hands-on" session will take hydraulic consultants through the range of small-bore grey water and macerators pumps, lifting stations, interlock alarms and the exciting new Inground Pump Station range. Pull them apart, see how they work and importantly - how they're installed. The more formal part of the CPD will include pumping principles around these styles of pumps including correct pump selection, friction loss calculations, flow rate calculations and much more. On completion of the course, attendees will receive a completion certificate and attain 1 formal CPD point.

**RSVP** Nick Moore on 0409 002 355 or
